LEGO® IDEA BOOK
AGES 5-12
LEGO

This LEGO® IDEA BOOK has been specially designed for use with LEGO® Basic, Town, Space, Castle, and Pirate Building Sets.

There are over 45 pages of exciting, new building ideas with easy to follow instructions.

Your book starts with fun, new models from LEGO® Basic Building Sets, and continues with great theme building ideas from LEGO® Town, Space, Castle, and Pirate Sets.

You'll find plenty of wonderful building ideas inside including models like farms, forts, spaceships, woods hide-aways, boats, and so much more!

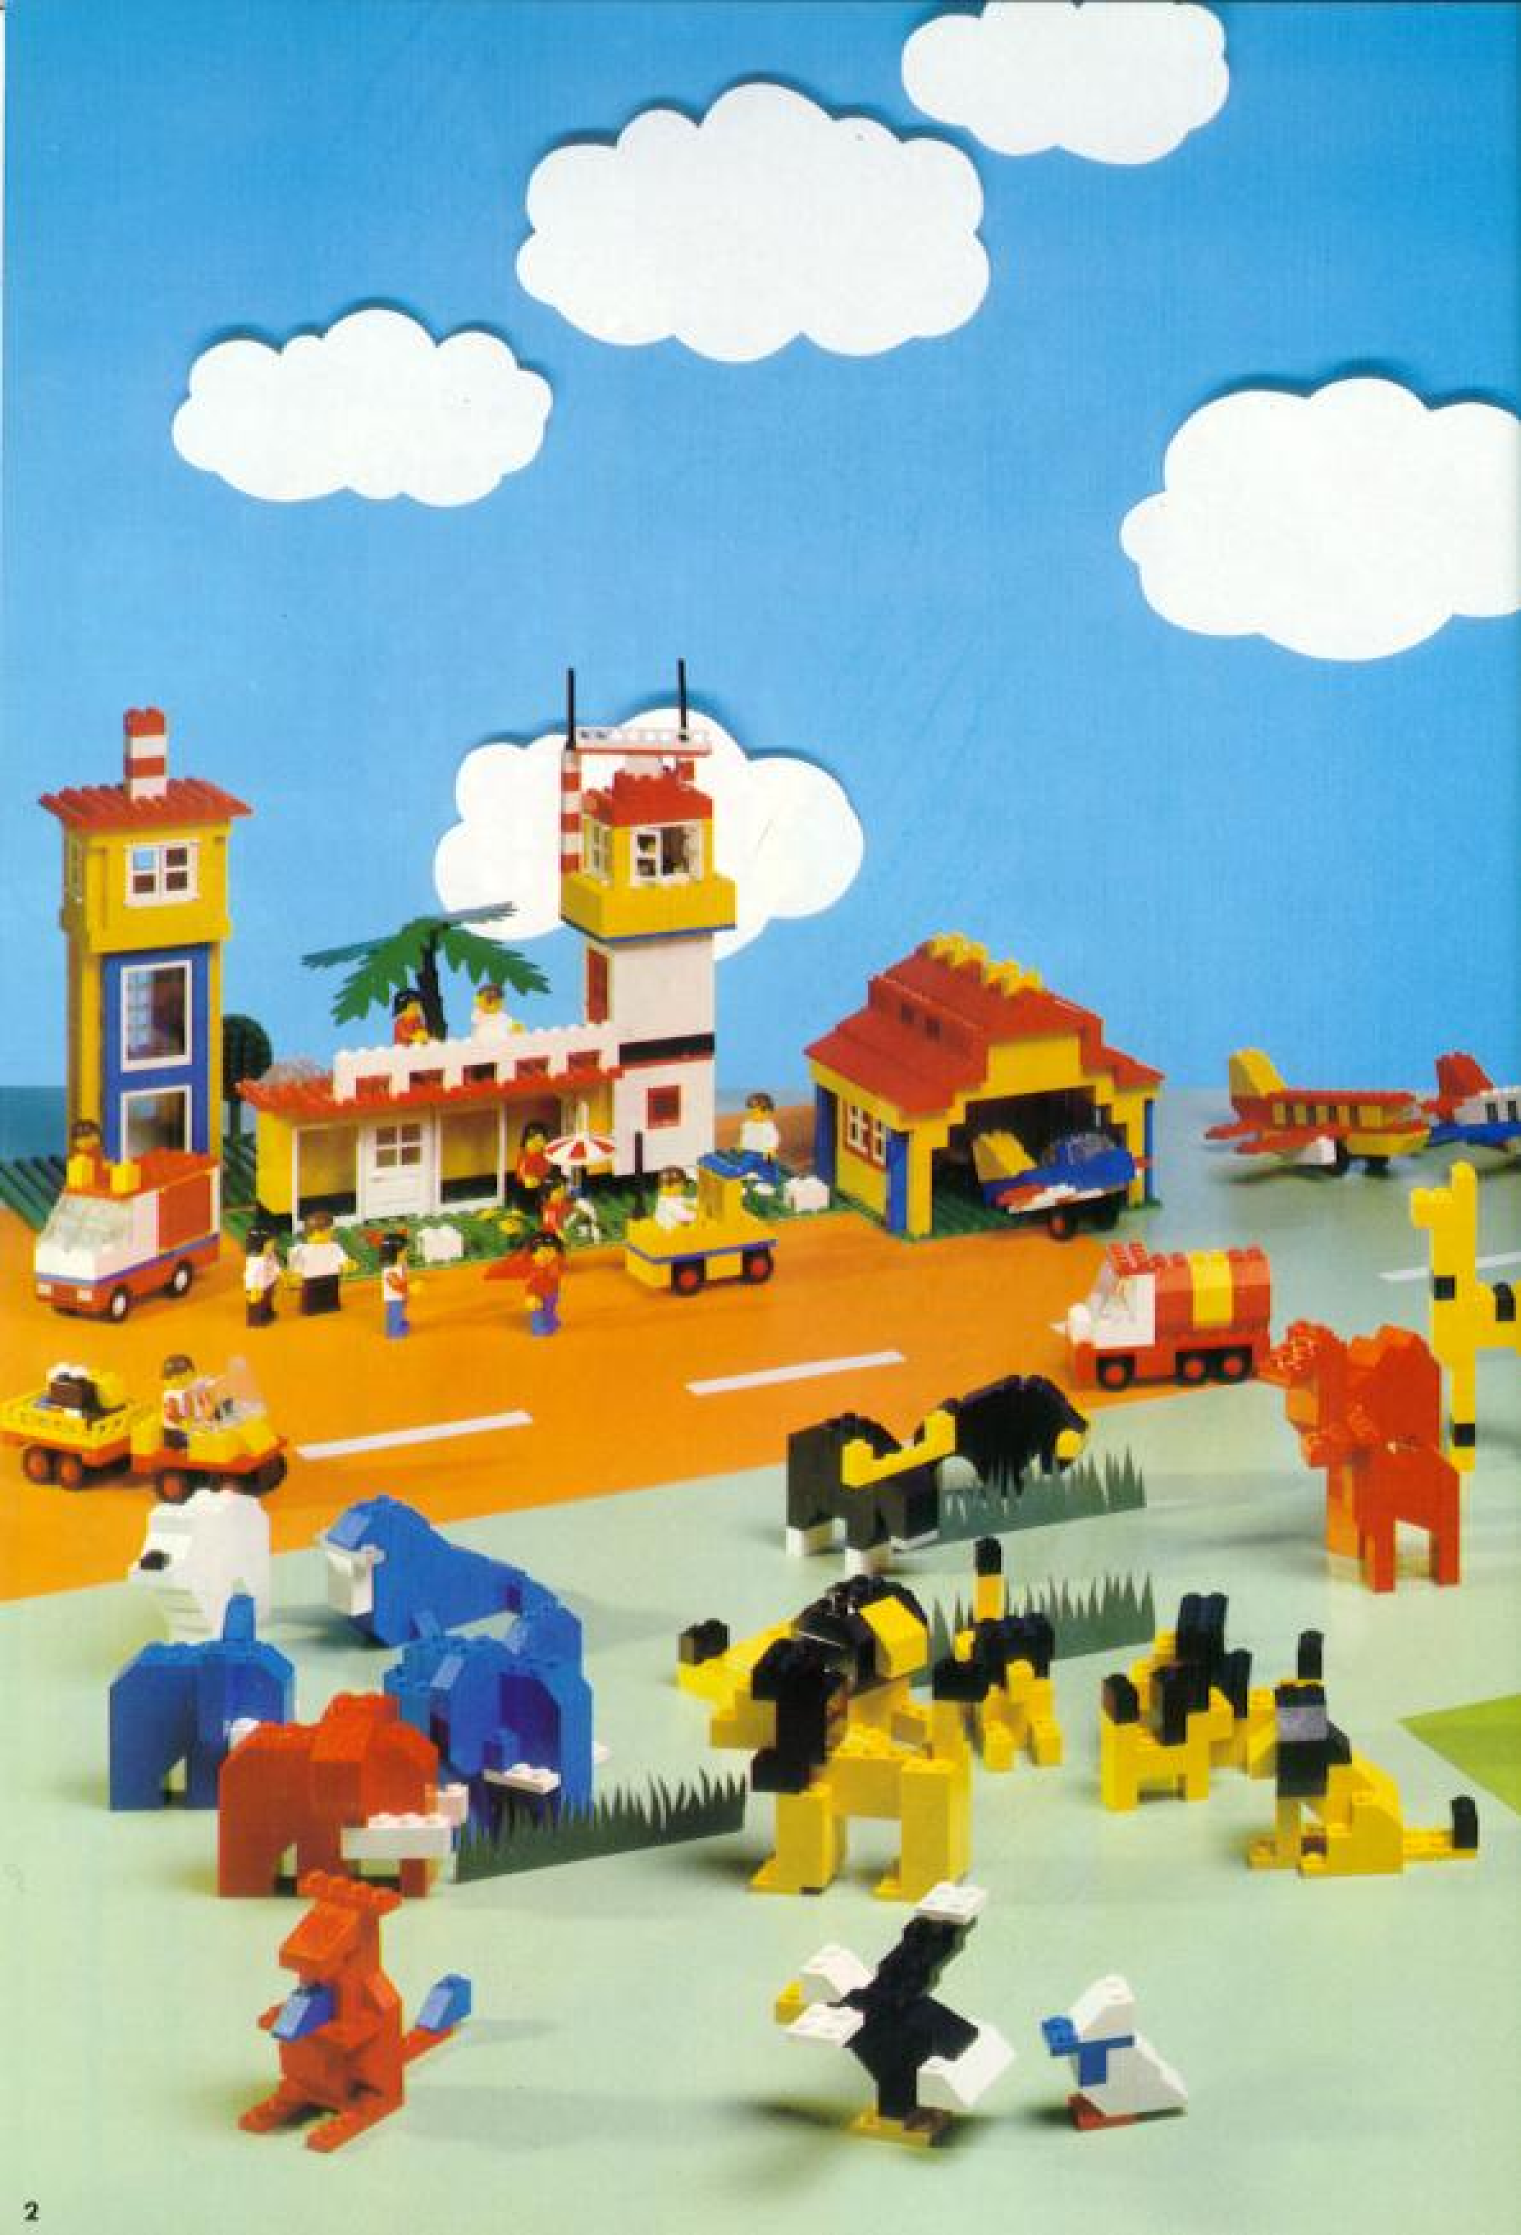

There are also several pages showing complete environments to stimulate your imagination. Build them as they appear or make up something totally new!

Of course, you may have to change the models slightly from what's shown so you can use the pieces contained in your individual LEGO® collection.

Remember, all LEGO® bricks fit together so you can combine new sets with old sets and watch your collection grow!

With the new ideas in this book and your own ideas, there are virtually unlimited building possibilities. LEGO® Toys...Toys That Build Imagination!
